

38th Annual Critter Community Holiday Card

For 38 years our community has participated in this tradition that literally saves lives. The annual Critter Community Holiday Card raises money to help us start the new year in a financial position to help animals. You help by showing your support of our work.

It's easy to participate. Simply fill in the information on the enclosed envelope and send it with your donation before December 15. Perhaps it's a pet you want to remember or a friend or family member you want to honor with a meaningful donation

Your donations will provide vaccines, medical treatment, basic care and help control over-population. Animals in need, because of neglect or cruelty, will be taken in and treated with kindness and care. Some, for the first time in their lives, will know affection.

Please be as generous as possible and enjoy the holidays knowing that you make a difference.

The Critter Card is printed in the December 23rd edition of the Rutland Herald. Your name(s) or the names of those you are honoring will appear in the ad.
